SUMMARY

Mathematics undergraduate at Namal University with hands-on experience in frontend development, UI/UX design, graphic design, and data analysis. Skilled at building clean, user-friendly interfaces and using Python and statistics to draw insights from data. Building toward software engineering, data science, and machine learning.

EDUCATION

Namal University <i>Bachelor of Science in Mathematics</i>	Sep 2025 – Jul 2029 (Expected) Mianwali, Pakistan
Boys Degree College Skardu <i>Intermediate in Computer Science (ICS)</i>	Mar 2022 – Aug 2024 Skardu, Pakistan

EXPERIENCE

Data Analyst <i>Baltistan Wildlife Conservation and Development</i>	Jun 2026 – Sep 2026 Skardu, Pakistan
---	---

- Collected, cleaned, and organized conservation and wildlife data to prepare it for analysis.
- Applied Python and statistical data analysis techniques to identify trends and support decision-making.
- Presented findings in clear summaries and visualizations for non-technical stakeholders.

Frontend Developer <i>Namal University</i>	Dec 2025 – Present Mianwali, Pakistan
--	--

- Design and develop responsive, user-friendly web interfaces using HTML, CSS, and JavaScript.
- Translate UI/UX designs and wireframes into clean, maintainable, accessible frontend code.
- Collaborate with the team to test, debug, and improve usability across devices and browsers.

Salesperson <i>Luminix Industry</i>	Dec 2024 – Mar 2025 Sindh, Pakistan
---	--

- Engaged customers, presented products, and closed sales in a target-driven environment.
- Built communication, negotiation, and relationship-building skills through daily client interaction.

Graphic Designer <i>SM Printing Press</i>	Nov 2022 – Mar 2023 Pakistan
---	---------------------------------

- Designed print-ready materials such as banners, cards, and promotional items for local clients.
- Worked from client briefs to deliver designs on deadline, applying layout, typography, and color principles.

SKILLS

Programming & Data: Python, Data Structures, Statistical Data Analysis, Data Cleaning, Data Visualization

Frontend Development: HTML5, CSS3, JavaScript, Responsive Design, Web Interface Design

Design: UI/UX Design, Wireframing, Prototyping, Graphic Design

Interests: Machine Learning, Artificial Intelligence, Data Science, Problem Solving, Collaboration

CERTIFICATIONS & ACTIVITIES

Introduction to Data Analytics – analytics workflows, data cleaning, visualization, data-driven decisions

Data Structures in Python– (Google)

Certificate of Appreciation, CODEX 3.0 Organizing Team Member – Namal University Mianwali Dec 2025

Certificate of Participation, Ideathon & Innovation Expo 2026 – Namal IDEA Club May 2026
